Large Site For Presbyterians Is Being Sought

Anticipated increase in population for Upland indicates a need for vision in providing property adequate for expansion — that was the decision of First Presbyterians meeting Tuesday evening.

Following the recommendation of the committee which has for some weeks delved into all angles of possible expansion to meet the current needs of the Christian education department, the membership voted that a committee should locate a site for purchase which will meet the general specifications held to be most satisfactory for newly established church plants.

The committee's report was presented by its chairman, Robert A. Thrall. Mr. Thrall answered a host of questions pertaining to present and future needs. He is assisted on the committee by Allan Barr, Mrs. Henry Busch, Mrs. J. B. McCarter and Harvey Siegrist.

Immediate needs of the Christian education department are of definite concern, the membership was told. The committee advanced the proposal of using the manse to provide the needed class room space and finding suitable housing elsewhere for the pastor's family. The ultimate decision to provide for these immediate needs was delayed until the costs of various possibilities can be presented for comparison.

The Rev. Trusten A. Hart, pastor, served as moderator. Ernest W. Fischer, representing the church boards, spoke appreciatively of the work being done by the teaching staff and officers of the Christian education department who were honored at the meeting. He declared the work of these people to be a real contribution toward the vision of tomorrow. As further evidence of vision and planning for the future, Mr. Fischer cited the pleasure provided by beautiful Euclid avenue, vision of the Chaffey brothers. He cited as another example of vision the recreational retreat area, Wyliewoods, at Sky Forest, which has been acquired by Los Angeles presbytery and is available for use of all Presbyterians.

Keeping Up - -

With Uplanders

"IKE" FAVORED TOO

"I Like Ike" and so do Chaffey college students.

In a mock election last week, students named their favorite governmental candidates. The race among the presidential aspirants wasn't even close.

General Eisenhower polled 146, Warren 37, Taft 31, Kefauver 49 and so on.

The results are significant. They indicate that the young voters—and no doubt many of their parents—favor the man who has just returned from Europe.

General Eisenhower may lack the experience of governmental administration as compared with Senator Taft or Governor Warren. Somehow, that appeals to us; he is entirely free—as far as the general public knows—of "political" connections. It will take a politically free man to clean up a bad political mess. That's one reason we think General Eisenhower is most likely to be elected if he is nominated by the Republicans.

SHEPPARD FACES TROUBLE

It is not going to be easy for Congressman Harry R. Sheppard to be reelected in the November finals. Judge Carl B. Hilliard made a strong showing in Tuesday's primaries and with a general swing away from the "politicians in control", the veteran office-holder will more than ever have to struggle for a majority of ballots.

Sixteen years in office is long enough for any person and Judge Hilliard would be an able successor.

"SPELLING" BEE

The caption above is copied from a New York paper, not a misspelling on our part.

One of our many "correspondents" sent us page one of the New York World-Telegram reporting on results of the annual spelling contest. The headline read: "N. Carolina Girl Wins National Spelling Bee." This is just to prove to Clyde DuVall and a few others that the N.Y. paper needs a proof reader—also.

First Local Event

Scout Awards To Be Given In Honor Court

At least 20 Boy Scout awards will be presented Friday night at the first Foothill district Boy Scouts of America, ceremonies to be held in the Upland Elementary school auditorium.

Rather than combine the local awards with the big annual Old Baldy council honor court, a separate program has been planned to honor scouts from Upland, Alta Loma, Cucamonga, Etiwanda and Mt. Baldy. Clinton Thompson, chairman of the advancement committee, will preside. The program will start at 7:30 p.m.

Lowell Bartlett, president of the Foothill district, will speak briefly in recognition of the first local honor court.

Awards will be given as follows:

Frank J. Pilone, Cucamonga troop No. 1 committeeman, second class; Lawrence Mueller, Etiwanda troop No. 1, committeeman first class; Howard Kilmurray Alta Loma camporee, merit badges, and Herbert Hall, Alta Loma, camporee ribbons.

The program will open with presentation of colors by the Upland Methodist church troop No. 1. Milton Wilson, Mt. Baldy scoutmaster, will lead the singing.

The Methodist church explorer troop will figure in an induction ceremony; Lorent Went, magician, will entertain; and Martin Derfer and Steve Shothafer, Alta Loma, will also be on the program. Father Gregory Sheridan, St. Joseph's Catholic church, will deliver the invocation and the Rev. Lynn T. Lemon, First Baptist church, will conduct the "closing minute."

Increase Likely In Assessed Valuation Here

With all Upland business buildings being evaluated to equalize property assessments, and with an increase in residential building, the total Upland city assessed valuation is likely to be higher by upwards of half a million dollars, acording to unofficial reports yesterday.

E. E. Perdew, deputy tax assessor here, said special emphasis this year has been placed on studying valuations of all business buildings. Previously citrus property was carefully checked in the revaluation program and an increase resulted in the tax rolls. While he had no official basis for his compilations, Mr. Perdew expressed the belief the adjustments in business property assessments and the residential construction would bring the local valuation total well over the $9,000,000 figure.

As of last August, the local valuation figure was $8,600,000. One factor in the expected increase is the residential construction. It is pointed out, however, that purchasers of many homes are veterans, with privileges of property exemptions.

"Our next special effort will be to equalize the assessed valuation of all property other than citrus and business," Mr. Perdew said. "With that completed all Upland valuations will be up to date.

Parents' Dream Realized As Son Wins Baseball Record At Chaffey

"We are all baseball crazy . . ."

Such was the explanation from Mrs. Odis Baker, 709 North Third avenue, when it was noted her son, Ray, has the best baseball batting average of any high school player in this area. He was catcher on the championship Chaffey high school nine.

"Like his dad, Ray really loves baseball—and he may make it his career," continued the proud mother. And the happy father was also present when the family was interviewed concerning the sport.

"Of course the men folks are the players, but I do my part of boosting and rooting," related the housewife and mother of three children. "Ray is graduating from Chaffey next week," she reported, and then proudly exclaimed: "He is going on to college—and that is something his parents did not do. We are so glad of that."

As she related her son's baseball activities, she and Mr. Baker thumbed through clippings and baseball records about the diamond sport and the outstanding achievements.

"You realize that Ray comes by his interest and talent naturally because 'Odis' has lived baseball for years and years," Mrs. Baker continued. "Ever since Ray was old enough to know what the sport was all about he has attended games and just as soon as he was big enough to swing a bat he has been hitting balls. As I said this family is baseball crazy."

Mr. Baker added his observations:

"I really think baseball is a wonderful sport because it keeps young kids busy and gives them something to think about and something to occupy their time. We are mighty grateful for the many opportunities for baseball that are now available in Upland and at Chaffey."

The father, who has been with baseball teams here for years, has done a lot of playing as well as coaching and managing younger teams. He has given much time for many years in helping boys become better players, in keeping them busy, and in playing himself.

"All of this effort and interest

Ray Baker Wins Top Ball Honors

RAY BAKER

Ray Baker, 18-year old son of Mr. and Mrs. Odis Baker, is being graduated next week by Chaffey high school as one of the bright lights in the Tiger diamond history.

His batting average for the season is .517, highest in the Citrus Belt league. At bat 29 times he connected for 15 hits, including three home runs, four triples and one double. He hit for extra bases more often than singles.

In the Pomona baseball tourney in April, the Uplander was chosen catcher on the all star team.

His first baseball experience came with the American Legion junior baseball team in 1949, and that was his principal summer activity up through last year.

The Upland Legion team has won two district championships. Young Baker also played on his father coached softball teams since 1948 in the Upland league. He also played on teams managed by Kenny Smith.

On soft ball teams he plays short stop or left field. He will be on a soft ball team sponsored in Pomona by the Loud Machine shop and he will play regulation ball on some team on weekends.

Judge Jacobs Will Serve All Of City As New Court Plan Scheduled

Effective January 2, 1953, this city will have only one judge where it now has two. Judge Fred H. Jacobs was reelected justice of the peace for the Upland township and as such he will also serve in the position now held by Judge Mildred R. Puckett.

Judge Jacobs was unopposed for reelection in Tuesday's balloting and by action of a state law the positions of city judge and justice are combined. At one time Judge Puckett had announced her plans to run for the combined post, but later said she would retire from her position without seeking election.

Under the new plan, Judge Jacobs, with the aid of a full-time clerk, will handle all cases originating within Upland as well as within the township. Civil cases involving up to $500 will also be handled by Judge Jacobs.

Vote On Tuesday To Decide Fate Chaffey Funds

Two propositions concerning financing Chaffey schools will be voted on at the special school election next Tuesday.

Voting place in Upland will be the Elementary school auditorium.

One proposal will be the question of increasing the legal tax limit by 15 cents. The other proposition calls for issuance of one million dollars in bonds. In a previous election, voters turned down a request to increase the tax rate 40 cents.

The new request of 15 cents is urgently needed, according to Chaffey board of education members, to meet the current needs in providing teachers and supplies.

"What will happen if the 15-cent increase is not granted?" is a question proposed by many interested persons. Superintendent Daniel B. Milliken has given the answer as follows:

"In case the tax rate increase is not voted on June 10, a conservative budget for 1952-53 must be curtailed about 10 per cent.

"If forced to make this reduction, the board of trustees will

"I would like to have been in Abilene for the event," said the aged Uplander. "The fourth floor of the hotel was reserved for the Eisenhower relatives and I could have been there if I had been able to travel that far. I think the general's three brothers, cousins and others will be there."

Large Lot Issue To be Aired Soon

Public hearing will also be held to change the area north of Foothill to the residential zone from agriculture. Proposed area involved extends from San Antonio avenue to 20 acres east of Euclid avenue,north of Foothill.

Movement to change the zone and to restrict development to 80 foot and 150 foot wide lots following announcement of plans to subdivide Hubert Manker's West Thirteenth street 36 acres.

West End Voters Support Judge Over Incumbent

Voters in the Upland district favor Judge Carl Hilliard for congress instead of Harry R. Sheppard, 16-year office holder in Washington. D.C., according to results of Tuesday's primary voting.

County-wide, the results do not coincide with the local results but tabulations from the 16 Upland precincts and the San Antonio precinct reveal a sizeable majority favoring the Republican candidate.

Each aspirant received his party's nomination and thus the two men will face each other in the November balloting. Judge Hilliard polled a sizeable majority of Republican votes over Mr. Sheppard and Oregon Smith, candidates on the G.O.P. ticket.

Congressman Sheppard polled a commanding lead in the Democratic nomination race over Judge Hilliard. The two men had cross-filed and Sheppard's forces were hopeful of a victory on both tickets and thus election.

Judge Hilliard's total vote in the Upland area was 1,476 and Sheppard's combined vote was 1,164.

These totals include all the votes cast locally for the two candidates; that is, the combination of the Republican and Democratic ballots.

Ontario voters also supported Judge Hilliard. The combined Republican and Democratic votes being: Hilliard 3,426; Sheppard, 3,222. Oregon Smith polled 759 votes in Ontario and 228 votes in Upland.

Stanford Shaw won easily his campaign for reelection as assemblyman over Mildred Murphy. He was a candidate on both tickets and won reelection by taking the lead in both parties.

Like voters in the county as a whole, local citizens supported Governor Earl Warren in his bid for G.O.P. presidential delegates and Senator Kefauver for the Democratic voters.

Slightly more than 6,000 votes separate Hilliard and Sheppard in the county totals. This figure indicates a close contest between the two men in the November race. In previous contests, Mr. Sheppard polled a far greater lead.

New Route To Miss S.A. Dam

Mountain avenue will be closed near Twenty-fourth street by construction of the flood control dam and tentative plans have been made for a new route through San Antonio Heights, east of Mountain. The new route will divert traffic around the eastern end of the dam and back on to the San Antonio canyon road.

Will R. Mason, county supervisor, said tentative route of the new road would extend from Mountain avenue northeast along the present route of Mountain drive. At Twenty-fourth street it would extend further north approximately 300 yards further into the foothills. At this point it would follow a route west and connect with the canyon road some distance north of the dam site.

To further locate the new route, it is pointed out the Owen Davis residence is at the corner of Mountain drive and Twenty-fifth street. Growing grounds of the Armstrong nurseries will be bisected by extension of the route north. Extension of the proposed route will miss improved property and will also open up new frontage for future development.

The dam is planned to extend across the San Antonio canyon. Relocation of the Hoover dam power lines and city of Upland reservoirs is also involved in the dam site.

S.A. Hearing On Water Issue Will Be In L.A. Tomorrow

Josephine Caltabiano Exchanges Wedding Vows With John Glain

Miss Josephine Caltabiano, daughter of Mr. and Mrs. John Caltabiano, 1572 North Euclid avenue, became the bride of John Glain, son of Mr. and Mrs. John Glain, 601 West I street, Ontario, in a ceremony Sunday afternoon in Our Lady of Assumption church in Claremont.

The Rt. Rev. D. J. Strange performed the double-ring service in the presence of 250 guests. Vocal selections were given by Miss Dorothy Crawford.

Mr. and Mrs. Roy A. Franklin Mark 40th Anniversary With Party

The 40th wedding anniversary of Mr. and Mrs. Roy A. Franklin, 691 North Third avenue, was celebrated with a party Friday evening in the banquet room of the Casa Blanca hotel, with a large number of friends in attendance.

Mr. and Mrs. Franklin were married in Abilene, Kansas, on May 30, 1912, and came to California on their wedding trip. They liked it so well that they moved to Upland in 1921. Mr. Franklin is a retired rancher.

Their grandchildren, Kenneth and Bonnie Jean Franklin, ushered the guests at the party. Their son, Glen Franklin, acting as host, told of his parents' courtship and gave a reading "In the Usual Way." Then their son-in-law, William Georgiades, took over as toastmaster.

Music for the occasion, both instrumental and vocal, was furnished by William Haldeman and Robert Brubaker.

Included in the refreshments was a beautiful cake decorated in pink and green and marked "40th Anniversary." After the bride and bridegroom had cut the first slice, their daughter, Mrs. William Georgiades continued the cutting.

As a surprise to the honored couple, Ben Byer presented them with a handsome television lamp and planter set.

Attending the celebration in addition to the couple's family, Mr. and Mrs. Georgiades and Mr. and Mrs. Glen Franklin and children, Kenneth, Bonnie Jean and Larry, were six of the guests at their wedding 40 years ago, Mr. and Mrs. Alvin Gish, Mr. and Mrs. Harvey Wenger, Ben Byer and Vern Zook.

Other guests included the Messrs. and Mesdames Alvin Eshelman, Ted Jensen, Reuben Asper, Alvin C. Burkholder, J. W. Bert, Ralph Byer, Dan Engle, George Beare, Norman Nelson, Joe P. Bert, Elmer France, Mrs. Ben Byer, Mrs. Vern Zook; and William Haldeman and Robert Brubaker.

Officers Of Episcopal Group Are Installed

Installation of officers for the coming year by the Rev. John A. Luther was a feature of the annual luncheon and business meeting of the Woman's Auxiliary of St. Mark's Episcopal church held Monday at the home of Mrs. Emory M. Barkow, 220 West Twenty-fifth street, San Antonio Heights.

Mrs. Howard D. Bowles took office as president, succeeding Mrs. E. J. Sandford. Other officers seated were Mrs. W. J. Larkin, vice-president; Mrs. Milton L. Chapman, recording secretary; Mrs. James Quinn, corresponding secretary; Mrs. A. L. Weber, treasurer.

Reports were heard from Mrs. Sandford and other officers, as well as several committee chairmen.

About 30 persons enjoyed the luncheon served on the terrace. Assisting Mrs. Barkow on the hostess committee were the Mesdames Norman S. Lawson, E. J. Sandford, Philip B. White and Milton L. Chapman.

This was the final meeting of the group before the summer recess.

Carol Hinshilwood Becomes Bride Of Ted Abma in Church Ceremony

In a beautiful ceremony Saturday evening in the First Presbyterian church, Miss Carol Hinshilwood, daughter of Mr. and Mrs. A. J. Hinshilwood, 775 West Twenty-fifth street, exchanged vows with John Theodore (Ted) Abma, son of Mr. and Mrs. John Theodore Abma of Selma.

Some 125 relatives and friends witnessed the double-ring rites performed by Dr. Rufus W. Oakey, retired pastor, at 8:30 o'clock. Large baskets of white stock and larkspur, and potted palms decorated the chancel, and seven-branch candelabra stood at either side.

As the guests were assembling, Mrs. W. L. Wilding, organist, gave a prelude of appropriate selections. She accompanied the vocalist, Mrs. Jack Beattie, who sang "Because" and "I Love You Truly"; and played the traditional marches.

Given in marriage by her father, the bride was lovely in a gown fashioned with a bodice of Chantilly lace with long pointed sleeves, and high neckline with pointed collar, and a skirt made with layers of French tulle over taffeta, which swept into a train. Her fingertip veil was secured by a satin coronet embossed in seed pearls. At her neck was a string of pearls, a gift from the bridegroom, and she carried a bouquet of lilies-of-the-valley, stephanotis and maidenhair fern centered with a white orchid.

Miss Margaret Richardson, who attended the bride as maid of honor, wore a gown of turquoise net over matching taffeta, with matching stole, and she carried a bouquet of pink elf roses and white delphinium, with white tulle streamers.

The bridesmaids were Miss Corinne Hinshilwood, sister of the bride, and Miss Eleanor Connell of La Crescenta, a cousin. Their gowns were of lavender and turquoise net and taffeta, respectively, and they carried pink elf roses and lavender delphinium with matching streamers.

Bobby Sue and Ginny Lou Homans, twin cousins of the bride, were flower girls. Their frocks were of pink net over taffeta, and they carried baskets of pink and white rose petals. Another cousin, Tommy Horner, carried the rings on a white satin pillow.

Charles Abma of Selma served his brother as best man, and the ushers were John D. Horner of Pomona, Richard Homans of Montrose and H. J. Trogden of Templeton.

The mother of the bride chose a gown of navy blue lace over orchid taffeta and pink accessories, with an orchid corsage, while the bridegroom's mother wore a blue gown accented by an orchid corsage.

A reception in the social hall of the church followed the nuptial rites, where the young people received the congratulations and good wishes of their guests.

After the bridal couple had cut the first slice of the three-tiered wedding cake, according to tradition, Mrs. Elvin Genung continued the cutting and Mrs. Watson Cross assisted in serving. Miss Ruth Hinshilwood and Mrs. H. Bruce Claflin poured punch, and Miss Jackie Greear was in charge of the guest book.

When the newlyweds left on a short honeymoon in San Diego, the bride wore an orchid stuit with white accessories.

A senior student at Chaffey high school, the new Mrs. Abma will receive her diploma this month. The bridegroom was graduated from the Kingsburg high school and attended Fresno State college for one year before enlisting in the U. S. Navy. He is now attending naval training school in San Diego. He is affiliated with the Order of De Molay.

Luther, second vice-president; Mrs. Quito Laubach, recording secretary; Mrs. Elton Harvey, corresponding secretary; and Mrs. Leslie Kalil, treasurer.

"It has been like that with Ray and his did for several summers. They work in the daytime at some job and then practice or play somewhere at every possible hour.

have to select from the following undesirable retrenchments:

"Overloading each teacher — the current teacher load is maximum for effective education.

"Curtailing educational supplies—the present budget has been cut to a bare minimum.

"Curtailing maintenance — necessary repair of roofs will have to be postponed with possible loss by damage from rains.

"Curtailing of operations—this refers to janitorial service—keeping the school clean.

"Curtailing transportation — expenditures during 1952-53 can be cut an estimated $50,000 if transportation within a four-mile radius of the school is not provided. At present no transportation is given within a two-mile radius. Although the board of trustees have not acted on this item of transportation, failure of the tax rate increase will probably force the board of trustees to make some curtailment."

Boy, 7, Pulls In 12-Pound Yellowtail As First "Big" One

Jack Mitchell, 7 year old son of Mr. and Mrs. A. T. Mitchell, Jr., 929 North First avenue, pulled in a yellowtail that weighed one-fourth of his own weight.

His father and other observers were on hand ready to help if the youngster had failed in the struggle to pull in the 12-pounder from the ocean. They were fishing from a barge out from Capistrano Sunday. Two barracuda were also included in the catch for the young Uplander.

"My boy had fastened his pole to help me bring in a fish," explained the proud father," and then someone noticed he had a bite. He started to reel it in and yelled for help. I would have helped if he had really needed it but I wanted him to feel the full weight of the fish and to get it himself."

Young Jack had caught a few small fish before but the 12-pounder was his biggest. And he got it all by himself.

He is making the acquaintance of little Linda, whom he saw for the first time.

Lewis served with the 224th Regiment of the 40th Division in Japan and Korea, and arrived on the transport General Brewster, which docked in San Francisco May 25.

His parents, Mr. and Mrs. J. W. Lewis, and his grandmother, Mrs. Charles Zimmer, reside at 508 South Laurel avenue, Ontario.

Registration Under Way

Swim Classes To Start on June 24

Courses in swimming, to be offered by the American Red Cross, will begin June 24 at the Chaffey plunge.

Beginner and intermediate courses are to be offered from Monday through Friday for a two week period. Life saving is to be offered Monday through Friday for two four-week periods, beginning June 24 and July 21. Adult classes are to be held Monday, Wednesday and Friday for a two week period starting June 24 and July 21.

Registration for the first session will be June 18, 19 and 20 at the Chaffey plunge. The second group registers July 2 and 3. The third period, to be held on July 17 and 18. The final period of classes, winding up the summer swimming program, will begin August 4.

The program is being carried out by the American Red Cross furnishing the teachers. Each instructor is qualified not only in general swimming ability but also in life saving, according to Eunice Mitchell, executive director of the Upland chapter.

Parents who desire their children to attend the course must give their written permission. Children from age seven up interested in learning to swim or in learning rescue work must have their parents get the proper forms at the Chaffey plunge.

Charges for the event are $1 or 25 cents admission for children and 35 cents for adults.

Sponsors for the classes are the American Red Cross chapters in Ontario, Upland and the Chaffey schools.

Freeway Start Is Scheduled

Actual construction of the Ramona freeway through this area is scheduled to be started before the month ends since bids on the first unit of the local project will be opened in Los Angeles next Thursday.

The first unit provides for construction from the Los Angeles county line to Euclid avenue. Eight "bridges" are to be erected. Likewise eight "bridges" will be erected from Euclid avenue east to A street in Ontario.

"Bridges" is the term used to indicate construction at the various evenues and at the various storm_channels.

Chaffey College Registration Starts

Registration for the fall term at Chaffey college is now getting into high gear with many students making plans for courses well in advance of 1952-53 year.

Director Leo A. Wadsworth emphasizes the advantage of early regigstration by present student body members, Chaffey high school seniors who expect to enter college in the fall, and others who wish information about enrollment.

For those unable to take the test in June, the tests will be given this summer by school officials at the college. Appointments may be made by contacting the college office or with the director, by mail, telephone or in person.

Dance Friday Night Scheduled

First "community" dance of the season will be held on the skating rink floor in the city park Friday night. A 15-piece orchestra will play and the general public is invited by Lewis R. Fuller, recreation director.

"We have had many requests for such a dance and this is an opportunity for all persons who are interested in it to come out Friday," Mr. Fuller emphasized.

Dances will be held every Friday night until July 4. If the crowds have been sufficient, the weekly dances will be continued. Cost of the dance will be defrayed by the participants, without any direct charge to the city, according to Mr. Fuller. The dance will start at 8:30 o'clock.

Bids Called For Second Part of Freeway Work

Second portion of the Ramona freeway through here is involved in the calling of bids by the state highway department July 3.

Eight "bridges" are scheldulec for the freeway from Euclid to Archibald avenues and these are provided for in the current call for bids. Contract for eight bridges to be built from the Los Angeles county line to Euclid avenue will be let in the opening of bids June 12.

The freeway will be depressed through here from San Antonio to Campus avenues, according to plans. East of Campus the six lane route will come to the surface and incline southeast and connect with Valley boulevard or "A" street, Ontario, at Archibald avenue.

Where they intersect with the freeway, Grove and Vineyard avenues will be depressed.

Classifieds cost only 60 cents.

Highway To Corona Will Be Improved

District Engineer S. W. Lowden has announced the Division of Highways has called for bids to be opened June 26, for the improvement of highway 71, between Euclid avenue and Pipeline avenue, near Chino. This is the most direct route between Corona and this area.

Plans call for widening and resurfacing the existing road to provide two eleven foot lanes and construction of 2-foot shoulders.

Freeway and S.A. Dam Will Not Fence Us In But Give Impetus To Growth

Are we going to be "fenced in"?

It won't be long until a 200-foot wide 20-foot deep "trench" will be on the south of us. A little bit later, a 200-foot high rock-filled dam will be to the north of us.

These statements refer to the proposed Ramona freeway, work on which is scheduled soon and the multi-million dollar dam across San Antonio canyon near Twenty-sixth street.

Instead of being "fenced in" it is likely these improvements will speed the day when this area will be more greatly developed than ever. At least the freeway will result in more people living here and faster development as a "bedroom" community.

As to the dam, its use will be so seldom it will have no effect on the community's development. It will stand for years as a multi-million dollar expenditure. To many of us it appears as a needless expenditure but the U.S. army engineering corps says it is necessary; so we will have it.

Since Upland is one of the choicest residential areas east of Los Angeles, the Ramona freeway will provide a speedy route for people employed in Los Angeles to live here, "California at its best." First bids in construction of the freeway through here will be opened in Los Angeles a week from today.

This community has grown rapidly in the last your years. A far more rapid development is forecast in the next four years.

No, we are not being fenced in.

Increase In Chaffey Tax Rate and Bond Issue Should Be Favored In Tuesday Vote

With a 10 per cent annual increase in students, it does not seem out of line that additional school funds are needed for new buildings and larger facilities.

The special finance election for the Chaffey schools comes next Tuesday. Voters will be asked to decide on a $1,000,000 bond issue and an increase of 15 cents in the school tax rate. Advisory committee to the school board recommends the increase as well as the San Bernardino County Taxpayers' association and other agencies.

The unfortunate thing about the situation is that so many elections are held and that the voters may become confused and vote "no" as a safeguard. A 40-cent tax increase was sought in a previous election and voters said "no" on the general grounds the boost was too high.

The 15-cent tax hike is to provide money for a larger teaching staff. The $1,000,000 bond issue will provide funds for construction of additional buildings. Above everything else, our educational facilities should be maintained at a high standard.

A serious situation would result if the financial measures are turned down. The slight additional tax cost for each family in the Chaffey district is justified. The result will be a continuation of high educational standards.

Henry Busch is New Secretary of Bar Association

Henry M. Busch, Upland city attorney, is the new secretary of the San Bernardino county bar association. Robert Beloud, Ontario attorney, is the new president.

Annual election of officers was held recently and the two attorneys from this area were honored.

Who Backs Tax Hike?

By Daniel B. Milliken
Superintendent of Chaffey Schools

Proposition No. 1 calls for a five-year increase of 15-cents in the maximum tax rate for the Chaffey Union High School district. The money from this source will be used to permit the continuation of school services now provided.

Proposition No. 2 calls for a high school bond issue of $1,000,000. The money from these bonds will provide housing said equipment to care for the continual increase in student enrollment.

Both of these propositions are supported by organizations and groups the opinions of which demand respect:

1. The Lay Finance Advisory committee to the Chaffey Board of Trustees, recommended these two propositions. This committee is a cross section of the Chaffey community. By it the district is represented as to economic, geographic, and educational interests. The committee was unanimous in its recommendation to call this election.

2. The Etiwanda Service club urges a "yes" vote on both propositions of the election.

3. The Chaffey Parent-Teacher association has voted unanimously for the passage of both propositions. Since they are close to the school and more aware of overcrowded conditions, as well as to the need to continue present services, their opinions should be respected.

4. The Fontana Council of Parent-Teacher associations have likewise pledged their support to both propositions of this election.

5. The Fontana Chamber of Commerce is promoting both propositions. A progressive organization which wants an adequate education for high school youth, as well as facilities in which to house them.

6. The San Bernardino County Taxpayers' association has approved of both propositions.

The above organizations and the people they represent have gone on record as favoring both issues.

You are urged to vote on June 10 and determine (1) if present services are to be continued and (2) if additional buildings and equipment are to be provided.

Camp Conifer To Be Cleaned Up

Camp Conifer is going to be "cleaned up" in an annual work project by members of the Upland Exchange club. The camp used by Girl Scouts for summer outings and the local club puts the facilities and grounds in condition for the intensive camping program.

Harland P. Horak, past president of the club, is in charge of this year's work program. About a dozen families are expected to be at the camp on Sunday and over the weekend. As is customary, wives and other members of the club turn the trip into a mountain outing.

Most of the "workers" will go up Sunday but an advanced group will go Saturday.

Six Teams Will Play In Softball League Here

Six softball teams will be entered in the Upland Nightball association league and a 15-game schedule will be played. The first game will be June 16 and all games will be played at 8:30 p.m. on the Upland city park diamond.

Couch's nine, winners of the league last year, will not be playing this year due to the players going to other teams.

The league will be made up of the following teams with the managers listed:

Methodist church, Francis Wilson; Jan's Drive-In, James Welch; Brethren in Christ church, Gordon Engle and Gordon Markeley; Tom-Son Cleaners, formerly the Indians, Ernest Asebedo; Fontana, Kenneth Corbin and Etiwanda, Mark Alexander.

Fontana and Etiwanda are new teams in the competition and the battle is expected to be keen. Following the regular schedule, a play-off tourney will be held.

Glenn C. Thompson is president of the association, directing the play. Don Paulson is vice-president; Harry Wright, treasurer and Lewis R. Fuller, secretary.

Last Rites Held For B. F. Billington, Long-Time Resident

Funeral services were held on Monday afternoon at the Stone mortuary for Benjamin Franklin Billington, Upland pioneer, who died May 29 at his home, 151 North First avenue, following an illness of eight years' duration. He was 69 years of age.

A native of Arena, Wisconsin, Mr. Billington came to Upland 50 years ago. He was a painter by trade, and had worked for Chaffey schools as painter and maintenance man.

Surviving are his wife, Mary Billington; one son, Albert Billington of Laguna Beach; a grand daughter, Karen Billington; and one sister and a brother.

The Rev. C. Eugene Barnard of Westminster Presbyterian church conducted the service, which was followed by interment in Bellevue cemetery.

George Mahan Heads Cucamonga Lions

George Mahan is the new president of the Cucamonga Lions club as the result of the annual elections last night. He will succeed Robert Buchenau.

Other officers are Claude McKee, tailtwister; Herbert Hall, Lion-Tamer; Don Clayton, vice-president; A. J. Blatnick, secretary; Henry Bischoff, treasurer; Robert Hauser and Leslie Holland, directors.

Euclid Singers In Rehearsals Mondays

Rehearsals will be held every Monday at 7:30 p.m. by the Euclid Community Singers, as a preliminary to their presentation of their next Concert September 26.

Applications for those desiring to take part may be made by telephoning Mrs. E. J. Hadovec, president, 635-497. Mrs. W. J. Hutchinson, Ontario, is the director.

Hawthorne Tells Lions of Scouts;

Earl E. Hawthorne, long active in Boy Scout affairs here, recalled the accomplishments of some of "his" scouts when he spoke at the meeting of the Upland Lions club in the Upland Woman's club house last week.

Listed as some of his former scouts who had gained distinction were William Bailey, Maurice Lusk, Larry Graebner, Elma Flake, Martin David, Kobe Shoji and Ralph Owen.

Norman S. Lawson, who recently returned from a trip to Washington, D.C., reported on his observations there.

Judge Fred H. Jacobs, president, was in charge of the meeting.

Exchange and Rotary Win

Rotary and Exchange club teams won in the first games of this city's biggest little ball league.

Arch rivals of Rotary, the Lions lost 8 to 7 while Exchange drubbed 20-30 10 to 2. Exchange and Lions were favored teams and the Rotary win indicates the battle is going to be tough in the battle for top place and perhaps the right to get into the district play-offs.

Carl Skvarna with 2 for 2 and Bob Neville 2 for 3 were the heavy hitters in the Rotary win. Don Terrill of the Lions, clubbed three hits in four trips and Bob Munoz added two more hits but their stick work was not enough.

Rotary is managed by Robert Neville and Phil Jacoby is coach. Lions have Bud Kaufman as manager and Lee Riggs, coach.

Exchange players hit 10 times for 10 runs with Jim Hansen and John Vasquez leading in the stick work. Twenty-thirty was limited to four hits by the Exchange pitchers, Skip Wulf and Robert Wilkins.

Exchange manager is Jack Hansen and coaches are Jack Cyphers, Ted Miller and Marvin Dunn. Heading the 20-30 club staff are Fred Mendoza, manager and Dale Maxie, coach.

Girls Asked To Sign for Camp

All girls interested in attending the 10-day Girl Scout summer camp at Camp Conifer are to contact Miss Nadine Hess, director, immediately.

Applications are being taken for the second and fifth sessions of the camp. Those interested must have the approval of their parents and be in either the fifth grade or higher. The cost per person is $10.

Activities at the camp will include tenting, hiking, swimming, and various handicrafts. Immediate supervision of the girls will be done by college students who are chosen to aid the regular girl scout workers.

Founded in 1927, the camp has grown steadily ever since. Last year the total number of girls for the summer was 252. This year camp officials expect to have the largest enrollment ever in the history of the camp, with 330 girls expected to take part.

Girls who cannot meet the money necessary to go to camp may have their way paid by the various service clubs in the West End area.

The camp has the latest facilities and a registered nurse is on duty. Officials plan to build a boahouse at the lake next year for the girls use.
